Print Guide

For flat and folded products.

Stock Options

Silk

Silk is a popular all-round choice for professional print. Its smooth coated finish has a subtle sheen that helps colours appear bright and vibrant. This makes it ideal for designs that need to look polished while remaining easy to read.

Uncoated

Uncoated stock has a natural, tactile feel and is the easiest option to write on. It is especially popular for business stationery, forms, notepads and designs that suit a softer, more rustic or understated finish.

Gloss

Gloss stock is the best choice when you want a bright, high-shine finish. It enhances colour vibrancy and gives photos and graphics extra impact, offering a glossy look without the added cost of gloss lamination.

Lamination Options

Available on 250gsm Silk, 350gsm Silk and 450gsm Silk.

Matt Lamination

Matt lamination adds a smooth, non-reflective finish that reduces glare and gives your print a clean, refined appearance. It is a popular choice for a subtle, professional look with a softer feel.

Soft-Touch Lamination

Soft-touch lamination creates a luxurious, velvet-like finish that feels smooth and tactile in the hand. It gives printed items a premium, high-end look, making it ideal for designs where presentation and feel matter.

Gloss Lamination

Gloss lamination adds a sleek, shiny protective layer that enhances colour depth, contrast and vibrancy. It is perfect for bold, eye-catching designs, photography and print that needs extra visual impact.

Finishing Options

Available on Matt & Soft Touch Lamination.

Gold Foiling

Gold foiling brings a warm, luxurious metallic finish to your artwork. Perfect for adding elegance and impact, it helps key details stand out with a rich, high-end appearance.

Silver Foiling

Silver foiling adds striking metallic detail to your design, creating a cool, refined finish. It is a great way to highlight logos, text or key design elements with a premium feel.

Spot UV

Spot UV applies a high-gloss coating to selected areas of your print, creating contrast, shine and subtle texture. It is ideal for drawing attention to logos, patterns or imagery.

Perforation Options

Only available on select products.

Centre

A single perforated line positioned through the middle for clean, easy separation.

Ticket

One perforated line set at the right-hand third, ideal for tear-off sections.

Fold Guide

With a range of folds to choose from, it's easy to find the right format for your content, layout and design. Folded print helps organise information into clear, readable sections while keeping everything visually engaging and easy to follow. Ideal for menus, programmes, brochures and promotional handouts, each fold adds structure and guides the reader naturally through your content.

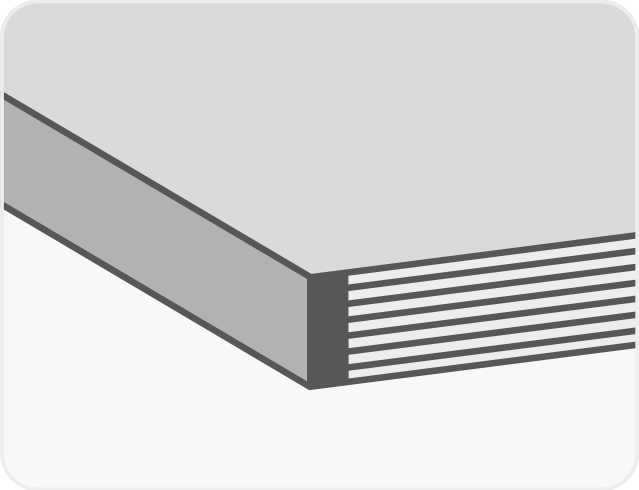
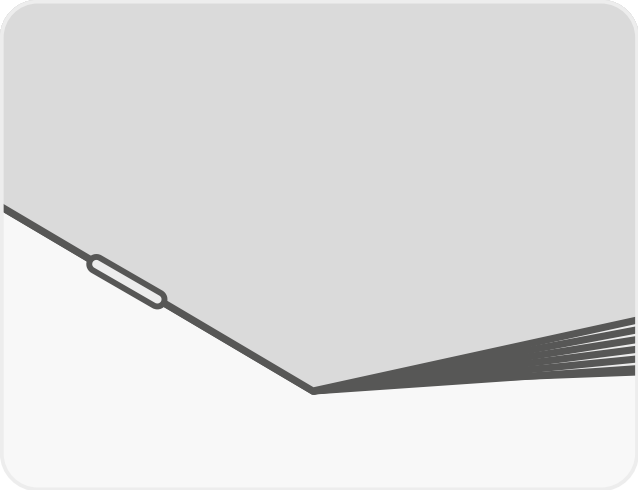
Binding Guide

With a choice of binding styles available, it's easy to find the right finish for your booklet, brochure or publication. Binding helps bring pages together neatly, giving your printed piece a polished, professional look. Each method offers a different balance of durability, presentation and practicality, helping create a finished product that feels both functional and well presented.



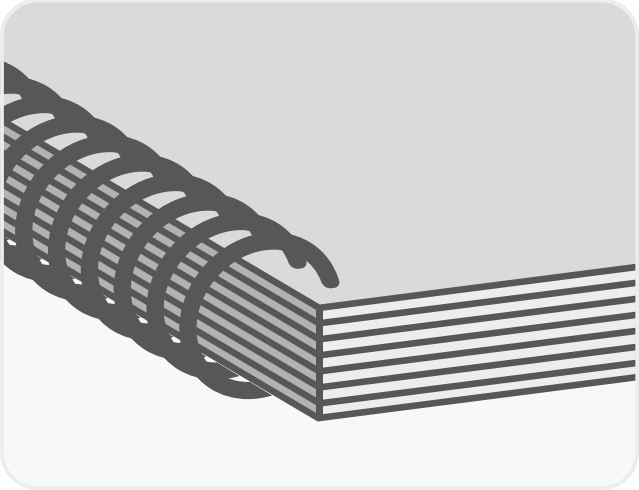
Perfect Bound Books

Glued along the spine with a square, book-like finish. Best for thicker booklets and anything that needs a premium, professional feel.



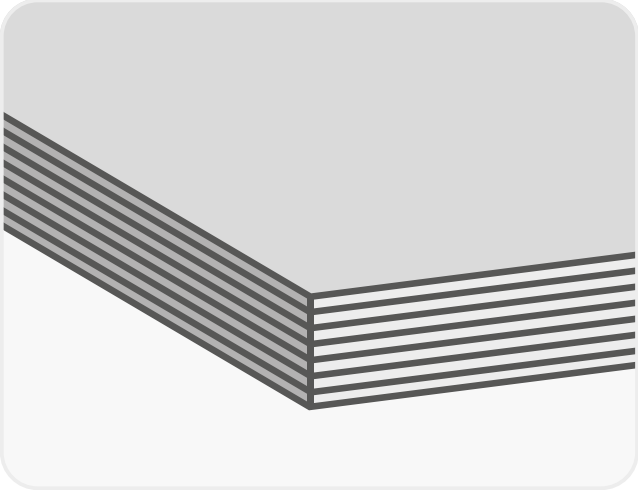
Stapled Booklets

Secured with staples through the spine. Ideal for shorter booklets that need to be lightweight, cost-effective and quick to produce.



Wiro Bound Booklets

Punched pages held together with a metal wire. Opens flat and folds back on itself, making it great for manuals, notebooks and calendars.



Notepads & Deskpads

Sheets glued on one edge with a rigid backing. Designed for easy tear-off and everyday writing or jotting.

Perfect, Stapled and Wiro Books

Bound To Impress, Built To Last

Whether you're creating a captivating novel, a professional report, or a sleek company brochure, our bookbinding services provide the perfect finish for your printed materials. From stapled to wiro binding, we ensure your books are crafted to perfection, making sure every page leaves a lasting impression.

Stapled Books

Best for short-term projects or fast-moving campaigns, the pages are folded before being secured with staples along the spine, ideal for booklets, brochures, and guides with fewer pages.

Wiro Bound Books

Durable and user-friendly, ideal for everyday use, the pages are punched and bound with a durable wire coil that allows them to turn 360°, perfect for manuals, planners, and notebooks, wiro offers flexible binding.

Perfect Bound Books

A sleek, professional finish that's built to last and be flicked through, the pages are glued together at the spine and a cover applied for a clean, professional finish, best suited to thicker books like novels, catalogues, and reports.

- **Service Stickers:** Great for use on appliances, equipment, or machinery to display instructions or safety information, making maintenance and safety compliance a breeze.
- **Event Signage:** Ensure your event stands out with vibrant, portable signage that can be easily repositioned to suit your changing needs and guide attendees to key areas.
- **Custom Labels:** Create custom labels for surfaces like filing cabinets, doors, or inventory perfect for organising, branding, or providing instructions.

Outdoor Banners

Banners That Stay Bright and Bold

Our outdoor banners provide a durable and impactful advertising solution, ideal for promoting events, businesses, or sales in all weather conditions. Designed to be versatile and crafted with high quality materials and UV resistant ink, these banners are perfect for both short-term promotions and long-term outdoor display.

Product Information

01. Weatherproof Performance

Welded hems on all of our banners (never taped) ensure they can withstand anything that the British weather can throw at them. The plastic eyelets we use are heavyweight and resistant to rust.

02. Fully Customisable

All banners are manufactured to order enabling exact size fit. Two stock options to suit a range of applications. Eyelet options enable a secure fit for all applications.

03. Fade Resistant

Printing with specialist UV-resistant inks ensure that colours remain vibrant and don't dull.

Options

- Custom sizes available for fully bespoke display solutions.
- Ranges from 0.5m x 1m to 2.65m x 15m, suitable for displays of any scale.
- Eyelet options include none, corners only, or every 50cm for enhanced weather resistance.
